

SHRCFlyers: October 8, 2011 – meeting minutes

Attendees: Jim, Warren, Tom, Mark, Russ, Ron, Bill, Jeff, Tim

1. East Vincent development appears to be focusing on the north end of the Pennhurst property, and not on the southern end where we fly.
2. Ad for the club is available for download on the website. Print and distribute as you see fit.
3. Flying hours – no further efforts on this for the 2011 season – consider expanding hours for 2012 season.
4. Treasury report -- ~\$100 spent since last meeting (gas and belts for mower)
5. Mower update:
 - Proposed and agreed not to fill mower with gas after cutting. Members should service mower before use. Clean mower after use as we have been doing.
 - Members should be aware that one can remove the mower key while mower is in "run" position. Be careful not to do this, as it will drain the battery.
 - Mower only needed new belts, which were successfully installed 10/8/11 with help from several members.
 - Russ volunteered to schedule annual service for mower.
6. A member of the National Guard contacted Russ and said that the "gas" building is going to be cleaned of all Guard stuff. We discussed the drones and they MAY become available to members sometime in the future. Members agreed that the club is not interested in acquiring these as an organized club endeavor. Individual members are welcome to request them if interested and after they become available.
7. Filling club officer positions for 2012/2013 seasons: All current officers were re-nominated for the same positions. Members are welcome to make other nominations. A vote will be held at Nov meeting.
8. Tim and Mark were introduced as prospective members and pilots, and will be set up with instructors for individual instruction.
9. Annual dues structure has been revised. Penalty for late payment has been replaced with a \$10 discount for payment before 28Feb2012 for renewing members.

Full adult members (18 or older on 01Jan2012)	\$85 (\$75 before 28Feb2012)
