

## **Spring Hollow RC Flyers - Monthly Club Meeting**

### **Date:**

13-August 2011

### **Attendees:**

Bill May  
Russ Reed  
Ron Dietz  
Jim Creasy  
Warren Linehan  
Jeff Gross

### **Club Business:**

- A proposal was made to move the weeknight fun fly from Monday to Wednesday. Russ offered to email club members to evaluate interest. Continuing to monitor ongoing poll in East Vincent township about what to do with township land adjacent to field
- The advertisement for the club was circulated among members before the meeting. Received positive feedback, and this is being circulated to local hobby shops, VA, etc
- Jim and Bryon have been registered with the AMA as instructor pilots. This provides 60 days of training with AMA coverage to student pilot.
- There was further discussion about expanding flying hours for electric aircraft. Although the discussion was friendly, the positions clearly split along gasser/electric lines. The only decision reached was that we need to proceed slowly. Russ (?) will look into AMA guidelines for precedents from other clubs.

### **Treasury Report:**

- No income or expenses since last month

Respectfully submitted,

Jeff Gross, Secretary/Treasurer
